Phone: 620-724-4326

e-mail: scurran@girard248.org

Thanks to all coaches (148 surveys returned) who took the time and interest in filling out and returning the last survey. (To see the results of last years survey, log on to the KCA website at the address listed above.) I realize that some of these questions are repetitive but if we keep voicing our opinion as a united voice, we will be able to get some changes brought about in this great sport. We also need to voice our concerns to our administrators. I have found out that in order for any changes to come about, the state polls the administrators and they vote on whether the changes should occur or not. So be talking to your administrators about the changes that you wish to see.

Any and all coaches who have e-mail addresses, please send them to me via my e-mail address. I am hoping to be able to send updates and information to coaches. Also if you have any unusual incidents happen through out the seasons, please send them to me with the rulings that were made. Be sure to check out the KCA Golf web site at the above mentioned web site address. If you have any other ideas of what to put on the web page, please let me know.

And now for the survey.....

GIRLS CLASSIFICATION - (If you have a girls team and are the coach): 6A 5A 4A 3A-1A

OF YEARS COACHING BOYS GOLF: _____ # OF YEARS COACHING GIRLS GOLF: _____

2009-10 GOLF SURVEY QUESTIONS

Circle either **Yes** or **No**. Feel free to add comments or questions

Yes No 1. Should the boys state golf tournament be moved up one week (to SCW 46)?

Yes No 2. Should the regional assignments be made so that there are about the same number of players at each site instead of the same number of teams? (This is sometimes a problem in girls season and the smaller schools in boys season)

Yes No 3. Should any player that medals at the Regional tournament be qualified for the State Tournament? (Now it is possible to medal at Regionals and not go to State)

Yes No 4. Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?

Yes No 5. Should the groupings at the state tournament be such that the team members and individuals from the same school be in successive groups or as near as possible so that coaches will have a better chance to coach all of their players on courses that are laid out over such a large area?

Yes No 6. Should coaches be allowed to use golf carts at Regionals and State providing that all coaches have them available?

Yes No 7. Should Regionals be required to be on an 18 hole course?

Yes No 8. Should the 4 tournaments that start at 3:00 be changed to start at 2:00?

Yes No 9. Should the rule for club throwing and profanity be changed to: 1st offense – 2 stroke penalty, 2nd offense – Disqualification? The current rule reads (Page 10 of KSHSAA Manual):
Disqualification in KSHSAA interscholastic golf events shall also include, but is not limited to the following: unauthorized use of caddies or motorized cart; possession or use of electronic communication devices; receiving advice; use of profanity; throwing clubs; cheating, etc.

_____ 10. In the age of budget cuts... What is the minimum number of players that your school will allow you to have before they will eliminate the program?

Please list any items that you would like to see on the 2010-11 survey:
