Proposals to the KSHSAA for the Sport of Golf

Proposal #1: In qualifying for the State Tournament, would you be in favor of qualifying the top 2 or 3 teams (depending on the classifications) and then the next 5 lowest individual scores that are not part of the top 2 or 3 teams?

Rationale: This would allow more quality players to have the opportunity to participate in the state tournament. This would especially help in a very strong regional. This would make it so that there are the same number of players at the state tournament every year.

YES -	24	22	46 - 79%
NO -	8	4	12 - 21%

Proposal #2: Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?

Rationale: A one day State Tournament leaves a lot to chance. The pairings from the regional tournament may not always put the best players together. On the second day of a two day tournament, each player as well as each team, knows where they stand and knows what they will have to do in order to have a chance to finish at the top. It would require sustained superior play in order to win whereas a one day tournament allows one player to have a lucky day and be the state champion. Research is currently being worked on as to how other states conduct their golf state championships. Kansas is one of the few states that still has the State Championship in golf determined by a one day tournament. A two day State Championship will usually have the best players and the best teams finish at the top, which is what a State Championship is supposed to do.

2000-01 GOLF SURVEY RESULTS

Survey questions.

1. Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?
2. In qualifying for the State Tournament, would you be in favor of qualifying the top 2 or 3 teams (depending on the classifications) and then the next 5 lowest individual scores that are not part of the top 2 or 3 teams?
3. Would you be in favor of allowing the coach to coach the players under the following conditions: (1) Advice may be given only when all balls of the players in a group are no longer in play. While any ball of the group is in play, the coach must remain 30 yards away from the group. (2) Only one designated team coach may give advice, (no parents or spectators will be allowed to give advice).
4. Would you be in favor of having a qualifying score of 110 for boys and 130 for girls in order for them to be able to participate in the regional tournament? The qualifying score must have been shot at a regular season competition.
5. Would you be in favor of having a 1:00pm start time for all regular season tournaments? (Main reason is that all courses are not able to use a shot gun start)
6. Would you be in favor of having 2 - all day tournaments, 2 - 1:00pm start times, and the rest of the tournaments starting at 3:00pm?
7. Would you be in favor of using a Coaches Poll of team rankings or using a head to head competition in the selection process of which teams go to which regional? (Reasoning: Try to eliminate a very strong or a very weak regional)
8. Would you be in favor of expanding the number of tournaments that a player can compete in from 10 competitions to 12 competitions?
