**Proposals to the KSHSAA for the Sport of Golf**

**Proposal #1:** Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?

**Rationale:** A one day State Tournament leaves a lot to chance. The pairings from the regional tournament may not always put the best players together. On the second day of a two day tournament, each player as well as each team, knows where they stand and knows what they will have to do in order to have a chance to finish at the top. It would require sustained superior play in order to win whereas a one day tournament allows one player to have a lucky day and be the state champion. Research is currently being worked on as to how other states conduct their golf state championships. Kansas is one of the few states that still has the State Championship in golf determined by a one day tournament. A two day State Championship will usually have the best players and the best teams finish at the top, which is what a State Championship is supposed to do.

NO -	4	4	8 - 14%

**Proposal #2:** Would you be in favor of giving 10 individual medals for all regional golf tournaments? (Note: This survey question was added to the survey after the state had approved and set in place the changes the regional tournament for the 2001-2002 school year, thus not all of the boys coaches did not have a chance to vote on this item).

**Rationale:** This would give a set number of medals to each regional. Nearly every regular season tournament gives 10 individual and this would also be consistent with what is done throughout the year.

## 2001-02 GOLF SURVEY RESULTS

Survey questions.

1. Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?
2. In qualifying for the State Tournament, would you be in favor of qualifying the top 2 or 3 teams (depending on the classifications) and then the next 5 lowest individual scores that are not part of the top 2 or 3 teams?
3. Would you be in favor of having a qualifying score of 110 for boys and 130 for girls in order for them to be able to participate in the regional tournament? The qualifying score must have been shot at a regular season competition.
4. Would you be in favor of using a Coaches Poll of team rankings or using a head to head competition in the selection process of which teams go to which regional? (Reasoning: Try to eliminate a very strong or a very weak regional)
5. Would you be in favor of giving 10 individual medals for all regional golf tournaments? (Note: This survey question was added to the survey after the state had approved and set in place the changes the regional tournament for the 2001-2002 school year, thus not all of the boys coaches did not have a chance to vote on this item)
