**Proposal #2:** Change the format of the state tournament to a 2 day state tournament (36 holes total) to be held whenever the State would schedule it.

**Rationale:** A one day State Tournament leaves a lot to chance. The pairings from the regional tournament may not always put the best players together. On the second day of a two day tournament, each player as well as each team, knows where they stand and knows what they will have to do in order to have a chance to finish at the top. It would require sustained superior play in order to win whereas a one day tournament allows one player to have a lucky day and be the state champion. Research is currently being worked on as to how other states conduct their golf state championships. Kansas is one of the few states that still has the State Championship in golf determined by a one day tournament. A two day State Championship will usually have the best players and the best teams finish at the top, which is what a State Championship is supposed to do.

## 1999-00 GOLF SURVEY RESULTS

Survey questions.

1. Should cell phones be allowed on the golf course and/or used by the players?
2. Would you be in favor of a 2 day state tournament (36 holes total) to be held whenever the State would schedule it?
3. In qualifying for the State Tournament, would you be in favor of qualifying the top 2 or 3 teams (depending on the classifications) and then the next 5 lowest individual scores that are not part of the top 2 or 3 teams?
4. Would you be in favor of changing the format of the Regional and State tournament to the following: Each team would play 8 golfers in all. Declare 5 golfers for a 4 man team and 3 golfers for a 2 man team?
5. Would you be in favor of a 1 day 36 hole state tournament? The first 18 to be played in the morning. Then after flighting, play the second 18 holes.
6. Would you be in favor of a 1 day 27 hole state tournament?
7. Should coaches be allowed to "coach" players during a tournament?
